

Young Women in Technology Conference

June 13, 2023
Red River College, Notre Dame Campus

Who is Skills Canada Manitoba?

Skills Canada Manitoba is a not-for-profit, charitable organization that works with youth, parents, communities, industry and government to increase awareness of the rewarding careers available in skilled trades and technologies.

What is the Young Women's Conference?

A one day conference for young women from grades 6-8 to learn about technology careers available in today's employment market. The conference will highlight different areas of technology, including Civil Engineering, Computers, Electronics and Robotics. There will also be hands on activities, entertaining and informative speakers, fun contests and door prizes.

What is the cost of the conference?

The registration fee is \$25 for each participant and \$15 for each advisor. The fee includes:
Materials and Lunch
