

2025

27th ANNUAL SKILLS MANITOBA NAIL TECHNOLOGY CONTEST SCOPE

CONTEST NAME: NAIL TECHNOLOGY

CONTEST NO: 30

LEVEL: INTEGRATED

NOTE: 2 competitors per school, maximum 10 competitors

CONTEST LOCATION: RRC Polytech, Notre Dame Campus – North Gym

CONTEST START TIME AND DURATION:

Check-in: 7:30am **Failure to attend 8:00am orientation will lead to disqualification**

Finish: 2:00

PURPOSE OF CHALLENGE:

This competition aims to showcase and elevate the skills, creativity, and professionalism of nail technicians. It provides a platform for competitors to demonstrate their expertise in sculptured nail application and creative nail design. Through rigorous assessment by industry experts, this competition not only celebrates outstanding talent but also sets high standards, inspire continued education, and highlight emerging trends. Ultimately, they contribute to the advancement and recognition of the beauty and wellness industry while demonstrating professionalism and complying with occupational health and safety.

Nail Technology Criteria

Please review the attached information prior to the competition

Competitors will be judged on the following for all competitions:

Sanitation, ethics, professional dress, attitude, behavior, conduct with model, posture, technique, application, finishing and total look.

Skills and Knowledge to be Tested

Sculptured French White Gel Extensions in a “*Stiletto*” shape

Application and placement of bonding agent, builder, white and topcoat. Competitor should place the form in the correct position to create strength, curvature, and balance of enhancement. Stiletto nail must be a minimum measurement of three on the aluminum form. The smile line should be even to the sidewalls with a crisp line. Application of building gel will be even, smooth and include the correct placement of apex on the nail plate. When filing the nail, competitor will not cause stress or trauma to the surrounding skin of the nail plate. *See pg. 5

Red Gel Polish Application

Competitors are required to apply a bold red gel polish to nine fingers, leaving one ring finger unpolished. Application must include base, color, and topcoat of gel polish. The competitor will demonstrate professional application with full and even coverage to the nail plate. Clean up of red polish is not permitted.

Free Hand Nail Art

On the unpolished ring finger, the competitor will create a hand-painted nail art representation of one of these seasons—spring, summer, autumn, or winter—without any three-dimensional decorations. The design will continue from the ring finger, across the back of the hand, using any chosen art medium. All artwork must be hand painted and free from any embellishments. Competitors are responsible for supplying their own tools and materials for the freehand nail and hand design. *See pg. 5 for example. Images may NOT be used during competition.

EQUIPMENT, TOOLS, AND MATERIALS TO BE SUPPLIED BY COMPETITOR:

- Manicure table (table lamp permitted), chairs with backs, small garbage can with lid or bag to seal off all vapors * no other equipment to be used
- UV/LED Lamp and 10ft. power cord
- Acetone, polish remover, alcohol, hand sanitizer, disinfecting agents for surfaces
- Implements needed to perform nail prep
- Orangewood sticks, Gibson towels
- All brushes and nail art mediums to complete Seasonal Fusion nail and hand artwork
- PPE-facial mask, eye protection, gloves, and appropriate footwear

MATERIALS TO BE SUPPLIED BY SKILLS:

Gel Products to be sponsored by L'Moor. The following Light Elegance product items will be provided at the competition for competitors. * Competitors will not be able to bring any other gel product or files/buffers on the competition floor for the application of artificial nails.

Lepro Cleanser
Aluminum Foil Forms
Lexy File 100/180
Lepro Cleansing Wipes
Tack UV/LED Bonding Agent

Builder Lexy Line Gel
Perfect White Lexy Line Gel
Super Shiny Topcoat
P+ Gel polish

Rules and Requirements/Worksite Safety:

- All competitions will take place on live models. Competitors are responsible for supplying their own model and for the well-being of their model. Models must be dressed in black.
- Competitors must provide **all** necessary equipment and supplies needed to perform the competition task.
- To ensure compliance with the rules and regulations, all models will be examined by a scrutineer at the start of each competition category. (NO PREP WORK ALLOWED).
- Models' natural nails must not be longer than number one on the paper form. No tools may be used to assist in the completion of sculptured gels.
- No competitor shall continue to work on his or her model once the competition has ended. This does not include cleaning and presentation. Once the competition has ended, an additional 5 minutes will be designated for post-service sanitation and presentation/display.
- The following are **not** allowed for the nail art competition: decals (including striping), 3D nail art, foils, stencils, stamps, nail pens, etc. Choice of tools/brushes may be used.
- Note to all Competitors: Competitors must always demonstrate safety throughout the competition and in the competition area. Competitors must wear safety equipment where applicable. Competitors must show concern for their client/model throughout the competition.
- Any infraction or violation of the competition rules will result in point penalties or disqualification according to judges and /or chairs.

Note: If you are in doubt about any other tools or equipment you wish to use, check with the chair of the committee prior to the competition date or at orientation

General Competition Rules

- All competitors will attend a mandatory orientation meeting prior to the start of the competition. **8:00-8:30 am. Failure to attend the mandatory orientation will lead to disqualification.**
- All students must wear a professional uniform with no school logo on it. **See pg. 5**
- Competitors who require clarification on instruction during the contest must address their questions to a Provincial Technical Chair or designate.
- Competitors are not permitted to talk to persons who are not located within the contest area.
- During the competition, competitors are allowed to go to the restrooms, only after informing a PTC chair. Escorts to the restroom will be at the discretion of the Provincial Technical Chair or designate.
- Interpreters will be allowed to access the contest site if previous arrangements have been made with the Provincial Technical Chair or designate.
- Competitors must follow workplace safety rules and regulations as outlined during orientation. (Nail Technology competitors must have dust masks).
- Access to each contest site is reserved for the Provincial Technical chair or designates, judges, competitors, and individuals that have been granted permission from the Provincial Technical chair or designate.
- All competitors shall allow the Skills Manitoba organization to take and publish photos of those individual competitors.
- There must be a minimum of five registered competitors for each category. If there are less than five registered competitors, Skills Manitoba delegates will re-evaluate the competition.
- No competitor shall begin work until the start time is announced.
- Skills Manitoba will make every effort to accommodate contestants with special needs. Please contact the Skills Manitoba office for details.

Note to all Competitors: Competitors must always demonstrate safety throughout the competition and in the competition area. Competitors must wear safety equipment where applicable. Competitors must show concern for their client/model throughout the competition.
