

Who is Skills Canada Manitoba?

Skills Canada Manitoba (established in 1998) is a not for profit, charitable organization that works with employers, educators, labour groups and governments to reposition skilled trades and technology careers, as a first choice career option for Manitoba youth.

Construction

Employment

**Information
Technology**

**Manufacturing
& Engineering**

Service

Transportation

Skills Canada Manitoba and its partners in business, industry, labour, education, and government, are helping to secure **Canada's future skilled workforce** needs by:

- providing unique programs to raise awareness of current and emerging skilled trades and technology careers;
- bringing Canadian youth into a competitive spotlight;
- developing dynamic partnerships with agencies and organizations involved in promoting skilled trades and technology; and
- identifying and using best practices

Contributing up to \$2,499

- Name listed on website
- Name recognition at Skills Manitoba Competition
- Name listed in Skills Manitoba Competition Program
- Recognition on (sponsored) program event flyer

Skills Canada Manitoba hosts many events throughout the year. Following are brief outlines of the **Winnipeg and surrounding area programs**.

PROGRAMS WE OFFER

In-School Program

An in-school presentation program for grades 5 to 12 that provides young people from across the province with information about the vast career opportunities in the skilled trades and technologies.

Northern Manitoba Programs

A series of skills trades and technology programs for Northern Manitoba; the Northern In-School Program, Young Women's Conferences, Skills Trades and Technology Showcases, the Extreme Sledding, Trade and Technology Olympics and the Northern Skills Challenge.

Skilled Trade and Technology Showcase

A one day program for grade 8 students, spent at a host school, where they have the opportunity to try hands on activities and to learn about different careers in trade and technology. The showcase is designed to educate students on a variety of occupations and opportunities that exist in Manitoba in trades and technology. The day is a combination of hands on learning, demonstrations and presentations from individuals working in different Manitoba industries.

Online Challenge

#Skills Online Challenge is a fun way for Manitobans of all ages to develop their skills and explore the skilled trades and technologies! These activities are completely versatile, meaning you could do them on your own, in the classroom, or with your family and friends!

Young Women's Conference

A one day conference for young women to learn about trade and technology careers available in today's employment market. The conference highlights different vocations in trades and technology, introduces young women to women mentors working in the trades or technology field and provides employment and career planning information.

Model Wind Turbine Competition

Grades 9 & 10 students across Manitoba have an opportunity to use their knowledge, skills, leadership, teamwork and ingenuity to design and build a working model wind turbine in this one day competition.

Northern Extreme Sledding

Grades 7 students, in teams of four will design and construct a sled and then participate in a race through a motor-cross style course.

Youth in Manufacturing

Grades 9 & 10 students will be exposed to the manufacturing processes from design to the building and assembling of a product and ultimately the marketing and sales process.

Young Women in Technology Conference

A one day conference geared for young women in Grades 6-8 to learn about technology careers available in today's employment market. The conference will highlight different areas of technology, including Civil Engineering, Computers, Electronics and Robotics. The conference aims to give youth the message that math, science and technology skills are increasingly more valuable, fun and financially rewarding.

Skills Manitoba Competition

Our cornerstone event, is a one day event that provides young Manitobans the opportunity to showcase their talents in an Olympic style, province wide contest. Students compete in over 40 different hands on contests at the secondary and post secondary level that are designed (and judged) by industry professionals and educators. Winners of the provincial competition may form team Manitoba and compete against their peers at the Canadian Skills Competition, leading to the possibility of competing in the World Skills Competition.

Our Mission

To attract young Manitobans to careers in
skilled trades and technologies

Our Vision

Skills Canada Manitoba will be a leader and vital
partner in meeting Manitoba's skilled workforce needs

Land Acknowledgement

Skills Canada Manitoba offices are located in Treaty 1 and Treaty 5 territories. Our work spans across the traditional territories of the Anishinaabe, Ininiwak, Anishininew, Dakota, Dene peoples and the homeland of the Red River Metis Nation. We uphold the treaties and collaborate with all Indigenous peoples to share truth, reconciliation and learning. We will continue to develop and deliver culturally relevant programs and to promote Indigenous innovation and invention across Manitoba.
