WHAT IS THE YOUTH IN MANUFACTURING PROGRAM?

Imagine if you could tour a local company and see the creation of a three dimensional design on a computer, see the transfer of the design to a computer numeric control machine and then get to see the finished product?

Grades 7-10 students will be exposed to manufacturing processes from design to the building and assembling of a product and ultimately the marketing and sales process.

Every person is welcome. No individual is excluded.

WHAT IS THE COST OF THE CONFERENCE?

The cost for this program for each participant is \$20.00. The cost for teacher/chaperone is \$10.00. Includes an industry tour. Lunch will be provided for each participant and advisor.
